Date: _____ Time: _____

Jacobs Superintendent/CM:

(print) _____ (sign) _____

Date: _____ Time: _____

TERMINATION OF HOT WORK

The hot work associated with this permit is complete, and the permits effective and required cool down period of 60 minutes has ended or has been withdrawn. I understand any further hot work will require a new hot work permit.

I have returned the extension leads and removed tools, equipment, mobile equipment and rubbish from the work area.

	Sign	Date	Time
Fire-watch/ Attendant		___/___/___	__:__
Permit Supervisor		___/___/___	__:__
